IDIBAPS PhD Welcome Days.

PhD Welcome Days Programme

Monday, January 15th

14.45h – 15.00h
15.00h – 15.45h
15.45h – 16.30h
16.30h – 17.30h

Registration

Institutional Welcome by Elías Campo (Director of IDIBAPS)

Opportunities for PhD Students by Cristina Fillat (Group Leader Gene Therapy and Cancer. Representative of the PhD Committee).

Ice breaker (Institutional Actions Office + PhD Community)

Tuesday, January 16th

15.00h – 18.00h

Workshop “PhD Survival Kit” in collaboration with Damjana Kastelic and Anna Solé (CRG Training and Academic Office): *This interactive course is crafted to empower new PhD students with the essential skills, attitudes and resources needed to overcome hurdles and make the most of your research experience: how to set and align expectations, how to be proactive and communicate effectively, how to manage potential conflicts and finally the phases of the PhD journey.*

Tuesday, January 23rd

15.00h – 16.30h
16.30h – 17.30h
17.30h – 18.00h

Workshop “Crossing the Valley of Death (1/2)” by Thiago Carvalho and David del Álamo (Fellowsherpa): *Lecture to introduce an overview of what translational research is and the scientific, clinical, and regulatory steps between a promising set of research findings and a viable treatment option.*

Round table with testimonials in different stages of the academic research career path.

Visit to CEK laboratories (remember to indicate your availability)

Wednesday, January 24th

14.00h – 18.00h

Workshop “Crossing the Valley of Death (2/2)” by Thiago Carvalho and David del Álamo (Fellowsherpa): *The goal of this workshop is to introduce participants to the pipeline from fundamental research to the development of new therapeutics. Using a problem-based learning approach with real-world examples, students explore drug development from the earliest stages.*

Thursday, January 25th

15.00h – 16.00h
16.00h – 18.00h
From 18.00h

Navigating scientific publication: a guide towards your first papers, by Paula Samsó (Scientific Coordination Office, IDIBAPS): *In this session, we will navigate the winding road leading to scientific publication, stopping at tricky crossings such as authorship, journal selection, manuscript submission, and peer review.*

Visit to core facilities (remember to indicate your availability)
