## **POSITIONS OFFERED:**

**1** Positions for Llicenciat/da Suport Recerca (G3-Personal de Suport a la Recerca) to support the research of Fundació de Recerca Clínic Barcelona-Institut d'Investigacions Biomèdiques August Pi i Sunyer inside the *"Follicular lymphoma crosstalk with its immune microenvironment as a source novel targeted therapy*" research line. To participate in the research project *"THERAVLINFO. Red transpirenaica de terapias avanzadas en linfoma no Hodgkin*" and at the "Microenvironment in lymphoma pathogenesis and therapy" research group, with a part time indefinite scientific-technical contract. Funded by EUROPEAN COMMISSION. Grant agreement number: EFA123/1

### Extension of the application deadline:

The period to apply to this position has been extended until: August 14th, 2024.

Barcelona, July 31st, 2024

# Llicenciat/da Suport Recerca (G3-Personal de Suport a la Recerca) (FU-238-2024)

**Fundació de Recerca Clínic Barcelona - Institut d'Investigacions Biomèdiques August Pi i Sunyer (IDIBAPS)** is a leading biomedical research center located at the Clínic Campus in Barcelona, known for its strong international presence. At IDIBAPS, you will join a vibrant research community of over 2,000 professionals and about 100 multidisciplinary groups conducting groundbreaking research. Each year, our teams publish more than 1,500 original articles, placing us at the forefront of biomedical research in Spain. We manage over 1,100 competitive projects, with more than 220 receiving international funding.

D'Investigacions Biomèdiques

The Clínic Campus offers an exceptional environment for research and innovation, featuring the Hospital Clínic of Barcelona, a top-tier hospital dedicated to comprehensive healthcare, research, and education across almost all medical and surgical specialties. The campus also includes the Faculty of Medicine and Health Sciences of the University of Barcelona, established in 1843, and recognized as one of the most prestigious health faculties in Spain and globally.

HR EXCELLENCE IN RESEARCH

IDIBAPS has been accredited with the <u>HR Excellence in Research</u> by the European Commission since 2015, renewing commitments and actions to advance the alignment of our human resources policies with the 40 principles of the Charter and Code, based on a personalised action plan/HR strategy.

At IDIBAPS, nearly 100 clinical research groups work closely with laboratory scientists to drive original, translational, and multidisciplinary research. Our collaborative approach aims to solve significant biological and clinical challenges that impact human health.

UNIÓN EUROPEA

We are proud to have been accredited with the HR Excellence in Research by the European Commission since 2015. This accreditation reflects our commitment to aligning our human resources policies with the 40 principles of the Charter and Code, guided by a personalized HR strategy and action plan.

IDIBAPS is a CERCA center and accredited as a health research institute by the Instituto de Salud Carlos III (ISCIII).

We are looking for a Llicenciat/da Suport Recerca to join:

- The "Follicular lymphoma crosstalk with its immune microenvironment as a source novel targeted therapy" research line.
- In the research project "THERAVLINFO. Red transpirenaica de terapias avanzadas en linfoma no Hodgkin"
- At the "Microenvironment in lymphoma pathogenesis and therapy" research group.
- Funded by EUROPEAN COMMISSION. Grant agreement number: EFA123/1

#### **Job Description**

#### • <u>Responsibilities</u>

- Key responsibilities: 2D and 3D primary cell cultures, FACS analysis
- Organization responsibilities: The selected candidate will work in the frame of a collaborative project with the University of Toulouse-CRCT and the University of Navarra to generate 3D models recapitulating lymphoma microenvironment and to develop novel immunotherapies for lymphoma treatment.
- $\circ~$  He/she will work under the supervision of the PI and a Senior scientist.
- Communication responsibilities: conduct literature and database searches and continually update knowledge and understanding of relevant research, write up research work for presentation and publication; present research at meetings and conferences; liaise with researchers outside the group on the use of shared resources; build internal and external contacts.
- <u>Required Education Level</u>: Degree or similar/equivalent (minimum 300 ECTS credits) in Biological Sciences (Biomedicine, Biochemistry, Bioengineering, Pharmacy, Human Biology...) with good academic record (8 or higher).
- <u>Master/PhD:</u> Specialty/ Master: Master's degree in Immunology, Biomedicine or similar will be valued.
- Experience
  - Experience Required: Previous proven experience in cancer research. Knowledge in hemato-oncology and immunology will be an added value.
  - Skills: The ideal candidate must be a highly motivated, enthusiastic, and efficient researcher, with creativity, initiative, and a proactive approach to solving problems and developing new ideas.

- Ability to build constructive relationships with other members of the group, to work independently and as part of a team.
- Experience in several cell culture techniques including 3D culture and primary cell culture, together with flow cytometry and basic molecular and cell biology techniques.

## <u>Knowledge</u>

• Proficient in written and oral English.

## What we offer

- Contract: Indefinite scientific-technical contract.
- Workday: Full time (37,5 hs/week).
- Continuous training provided by the company.
- Working conditions: 22 vacation days + 6 personal days, 16 available hours, flexible schedule, and flexible remuneration program (medical insurance, transportation, meal vouchers, etc.).
- **Be part of a dynamic work environment:** we are a team with proven experience, a good working atmosphere, and we collectively value ideas and strategies, and prioritises work-life balance life.
