

Fundació de Recerca Clínic Barcelona-Institut d'Investigacions Biomèdiques August Pi i Sunyer (FRCB-IDIBAPS)

Laboratory Technician (G3-Research support personnel) (FU-328-2024)

Fundació de Recerca Clínic Barcelona - Institut d'Investigacions Biomèdiques August Pi i Sunyer (IDIBAPS) is a leading biomedical research center located at the Clínic Campus in Barcelona, known for its strong international presence. At IDIBAPS, you will join a vibrant research community of over 2,000 professionals and about 100 multidisciplinary groups conducting groundbreaking research. Each year, our teams publish more than 1,500 original articles, placing us at the forefront of biomedical research in Spain. We manage over 1,100 competitive projects, with more than 220 receiving international funding.

HR EXCELLENCE IN RESEARCH

The Clínic Campus offers an exceptional environment for research and innovation, featuring the Hospital Clínic of Barcelona, a top-tier hospital dedicated to comprehensive healthcare, research, and education across almost all medical and surgical specialties. The campus also includes the Faculty of Medicine and Health Sciences of the University of Barcelona, established in 1843, and recognized as one of the most prestigious health faculties in Spain and globally.

IDIBAPS has been accredited with the [HR Excellence in Research](#) by the European Commission since 2015, renewing commitments and actions to advance the alignment of our human resources policies with the 40 principles of the Charter and Code, based on a personalised action plan/HR strategy.

At IDIBAPS, nearly 100 clinical research groups work closely with laboratory scientists to drive original, translational, and multidisciplinary research. Our collaborative approach aims to solve significant biological and clinical challenges that impact human health.

We are proud to have been accredited with the HR Excellence in Research by the European Commission since 2015. This accreditation reflects our commitment to aligning our human resources policies with the 40 principles of the Charter and Code, guided by a personalized HR strategy and action plan.

IDIBAPS is a CERCA center and accredited as a health research institute by the Instituto de Salud Carlos III (ISCIII).

We are looking for a **Laboratory Technician** to join:

- The “Mechanisms of translational control in liver cancer” research line.
- In the research project “Targeting Translational Control to Advance Liver Cancer Therapy”
- At the “Translational control in liver disease and cancer” research group.
- Funded by MICIU/AEI /10.13039/501100011033. Grant agreement number: PID2020-118937RB-I00

Job Description

- Responsibilities

- **Animal Model Management:**
 - Care and maintenance of knockout mouse colonies.
 - Control and documentation of breeding, including genetic validation.
 - Administration of diets and treatments to mice.
 - Performing mouse necropsies to collect and process tissue samples and blood for downstream analyses.
 - Monitoring animal health and welfare in accordance with ethical standards.
 - Writing Ethical Committee Reports for animal experimentation protocols.
- **Cell Culture:**
 - Maintenance of cell lines.
 - Setting up and conducting in vitro experiments.
- **Molecular Biology Techniques:**
 - Performing Western Blot, immunohistochemistry, and RT-PCR assays.
 - Preparation of reagents and buffers necessary for molecular biology experiments.
 - Data collection, analysis, and documentation of experimental results.
- **Laboratory Maintenance:**
 - Keeping accurate records of reagents, consumables, and materials.
 - Inventory management and ordering of lab supplies.
 - Maintenance of lab equipment and troubleshooting as needed.
 - Keeping updated on laboratory protocols.
 - Participating in lab meetings and contributing to the continuous improvement of lab practices.

- **Required Education Level:** FP in Laboratory Techniques, Biomedicine, Biotechnology, or a related field.
- **Experience**
 - Previous experience in a laboratory setting involving animal models and cellular and molecular biology techniques.
 - Familiarity with mouse colony management, necropsy, tissue and blood sample processing, cell culture, and basic molecular biology.
 - Completion of the “*Curs de formació continuada per a personal usuari d’animals d’experimentació*” is mandatory.
- **Knowledge**
 - Good command of English will be highly valued.
 - Strong organizational and time-management abilities.
 - Attention to detail and ability to maintain accurate records.
 - Proficiency in common laboratory software (e.g., Excel, R) and basic data analysis.
 - Understanding of laboratory safety and compliance standards.
 - Ability to write reports for ethical committees.
 - Ability to work independently as well as part of a team.
- **What we offer**
 - **Contract:** Indefinite scientific-technical contract.
 - **Workday:** Full time (37,5 hs/week).
 - **Continuous training provided by the company.**
 - **Working conditions:** 22 vacation days + 6 personal days, 16 available hours, flexible schedule, and flexible remuneration program (medical insurance, transportation, meal vouchers, etc.).
 - **Be part of a dynamic work environment:** we are a team with proven experience, a good working atmosphere, and we collectively value ideas and strategies, and prioritises work-life balance life.

- **Application Submission**

All applications must include the reference code of the job offer (located in the upper left corner of this call).

- ✓ **Candidates are required to:**

- Enclose a motivation letter and their Curriculum Vitae (including contact details).
- Include proof of the merits stated and the degree obtained.
- Sign and attach the authorization request for personal data - European Regulation (UE) 2016/679 (see page 5).

- ✓ **Place of submission:**

(clearly indicating the reference code of the job offer at the upper left corner of this call)

1. By email to the address: fcrbrhh@recerca.clinic.cat

- ✓ **Application Deadline: 09/24/2024**

1.1. The recruitment will be carried out according to the provisions of Article 15 of the Royal Legislative Decree 1/1995, of 24 March, which approves the text of the law of the Statute of workers, in accordance with the provisions of art. 2 of the Royal Decree 2720/98, of 18 December (BOE of 8 January 1999), law 12/2001, of 9 July (B.O.E. of 10 July) and concordant provisions.

The principle of equal treatment between men and women will be considered, according to article 14 of the Spanish Constitution, the Community Directive of 9 February 1976 and what is foreseen in the agreement of the Council of Ministers of 4 March 2005, which approves the plan for gender equality in the General Administration of the State.

The universal accessibility for disabled persons will be considered according to the second paragraph of Article 1 of the law of December 2 51/2003 of equality of opportunities; 5% of the vacancies are preserved when candidates' pas the selection process and disabilities are proved. Also, compatibility with the tasks associated to the job must be proved so that progressively we reach 2% of all workforces.

1.2. Link to [Regulation \(EU\) 2016/679 of 27 April 2016 on the protection of natural persons with regard to the processing of personal data.](#)
