

Laboratory Technician (G3) at the “Gene Regulation in Stem Cells, Cell Plasticity, Differentiation, and Cancer” researcher Group.

Code: FU-392/2024

About the institution

The Barcelona Clinical Research Foundation-August Pi i Sunyer Biomedical Research Institute (IDIBAPS) is a biomedical research centre of excellence, located on the Barcelona Clinic Campus and with a clear international focus.

The IDIBAPS research community includes over 2,000 professionals and a hundred multidisciplinary groups that carry out high-impact translational research aimed at addressing biological and clinical questions relevant to human health, as evidenced by the more than 1,500 original articles published each year that make the institution one of the main biomedical research centres in Spain.

The Clínic Campus offers a high-level research and innovation environment, which includes the Hospital Clínic of Barcelona, a referral hospital committed to care, research and teaching, which covers practically all medical and surgical specialties, plus the University of Barcelona’s Faculty of Medicine and Health Sciences. The latter dates from 1843 and is today one of the most prestigious health sciences faculties in Spain and worldwide.

Since 2015, IDIBAPS has had [HR Excellence in Research](#) accreditation from the European Commission. It is a CERCA centre and is accredited as a Health Research Institute by the Carlos III Health Institute (ISCIII).

Job description

The group is located in the Cellex Building of the FCRB-IDIBAPS Institute, part of the Campus of the Hospital Clínic de Barcelona.

The selected candidate will conduct the following tasks:

- General housekeeping of the lab (management of orders, preparation of essential solutions, etc.)
- Extraction of RNA and genomic DNA.
- PCR and real time PCR.
- Handling mouse models and DNA genotyping.
- Immunofluorescence and/or immunohistochemistry.
- Cell culture.
- FACS.

Required qualifications

- Laboratory Technician degree (Bachelor's degree in Biology, Medicine or related will be valued).
- Master's degree in Biomedicine or related disciplines will be valued.

Experience and knowledge

- Experience in the management of orders and general laboratory housekeeping.
- Experience in the following laboratory techniques: Extraction of genomic DNA and plasmids, PCR and real time PCR, DNA genotyping of mice, Immunofluorescence and/or immunohistochemistry, Handling of mouse models, other cellular and molecular biology techniques (Cell culture, FACS).

IDIBAPS offers

- **Type of contract:** Indefinite contract for scientific-technical activities.
- **Working hours:** Full time (37.5 hours / week).
- **Line of research:** Cancer Stem Cells and Cell Plasticity in Cancer / Cell Plasticity in Immune Cells during Inflammation in Tissue Regeneration and Cancer
- **Project:** Group of Gene Regulation in Cell Plasticity, Stem Cells and Differentiation in Inflammation and Cancer. Prognostic and predictive biomarkers and therapeutic targets in inflammation and cancer.
- **Funder and official project code:** GENERALITAT DE CATALUNYA – PROJECTES - 2021-SGR-01328
- **Incorporation into IDIBAPS:** A research centre of excellence in the city of Barcelona. Excellent research results and competitive project grant awards, both national and international.

- Long-life training offered by the institute.
- **Working mode:** Hybrid. Teleworking 2/3 days a week (allowed after a period of onsite training).
- **Working conditions:** Holiday entitlement of 22 days + 6 days for personal affairs, flexible working hours and flexible remuneration (health insurance, transport, meal vouchers, training).
- **The chance to form part of a dynamic work environment:** We are a team with a wealth of experience that jointly evaluates ideas and strategies and promotes a healthy work-life balance.

Applications

- **Presentation letter:** explicitly mentioning the call reference and explaining the candidate's personal reasons for applying.
- **Curriculum Vitae:** including a list of publications, where applicable.
- **Documentation accrediting** the credentials set out and the required qualifications.
- **Obligatory:** the duly signed Authorisation relating to EU Regulation 2016/679 on the protection of personal data (*attached document, page 5*) must be attached to the application.

Submission and deadline

- Candidates shall submit their applications, indicating the call reference for the position for which they are applying, by email to the address: FCRBRRHH@recerca.clinic.cat
- **Deadline:** From the publication of this call until 11/05/2024

The employment contract will be in accordance with the provisions of Legislative Decree 1/1995, of 24 March, approving the text of the Workers' Statute Law, of Law 14/2011, of 1 June, on science, technology and innovation in accordance with the provisions of Art. 2 of Royal Decree 2720/98, of 18 December (BOE of 8 January 1999), Law 12/2001, of 9 July (BOE of 10 July) and concordant provisions.

The principle of equal treatment between men and women fundamental, in accordance with Article 14 of the Spanish Constitution, the European Community Directive of 9 February 1976, and the provisions of the Agreement of the Council of Ministers of 4 March 2005, approving the Plan for Gender Equality in the General State Administration.

The universal accessibility of people with disabilities is fundamental according to section 2 of Article 1 of Law 51/2003, of 2 December, on equal opportunities, and 5% of vacancies are reserved as long as candidates pass the selection processes and accredit their disability and compatibility with the tasks to be carried out, so that we progressively reach 2% of the total workforce.

The gross annual remuneration relating to the position that is the subject of this call will be established based on each candidate's experience and aptitudes.
